## GOALS

- Support the GSNA President and the president's platform
- Provide assistance to the president as needed
- Promote and support the mission and vision of GSNA
- Share ideas for promoting and improving GSNA which meet the mission and vision of the organization as well as support the continued growth of the organization
- Develop partnership with industry (including Georgia farmers), local Boards of Education, and other state agencies to improve and expand our services and visibility
- Looking back at past year's one my biggest goals to continue and build on some of our past president's yearly themes/conference themes such as "Setting the Table for Success" and "Being Equipped to Serve", just to name a few. Our recent presidents have done an amazing job of "bringing the family back together" after a pandemic and now focusing on "being mission minded".
